An eagerness to learn...

Competitive and results-driven...

A strong ability to self-manage...

Proficiency in building and executing plans...

CHEM-AQUA CANADA offers a career destination for talented, passionate and results-driven people who seek the innovation and growth opportunity that we provide. We don't offer jobs....we solidify careers, as proven by the thousands of associates worldwide with an average tenure of 15 years. **This is a remote position.**

WE KEEP THE POSITION CHALLENGING. RESPONSIBILITIES INCLUDE:

- Developing and maintaining an assigned outside territory
- Seeking out prospective customers/business opportunities
- Establishing and maintaining customer relationships in order to grow profitable sale
- Servicing accounts, including onsite water analysis and equipment maintenance
- Attending training classes to develop superior product knowledge for various customer applications

HIT THE GROUND RUNNING WITH THESE REQUIREMENTS:

- Proven track record in managing time autonomously
- Exceptional interpersonal and communication skills
- Proficient with smart technology
- Demonstrated ability to engage and sustain productive professional relationships
- University degree in Science or Engineering preferred
- Past outside sales experience, not necessarily in Water Treatment
- Must reside in/near the sales territory

WHAT WE DO TO MAKE YOU SUCCESSFUL:

- A world-class training program
- Managers acting as coaches with one main goal: your success
- Focus on developing strengths, not fixing weaknesses
- Culture recognizing results while embracing work-life balance
- Provide advancement opportunities that tailor to your individual skills
- Competitive compensation package; base salary, commission & benefits
