HSB is much more! It's insurance. Engineering. Technology. To learn more about us, please visit www.hsb.ca

Primary Objectives

HSB Canada is currently seeking an experienced professional to join our team of field experts as an Inspector (Loss Control) servicing our East Toronto territory. Working within this territory, the Inspector (Loss Control) shall identify and quantify areas of equipment-based risk, including potential areas of improvement and share this expertise effectively both internally and with our client base. The Inspector (Loss Control) shall maintain relationships with clients and colleagues with a focus on risk reduction and customer service. This position is home-based with a company vehicle provided.

Service Territory:

East Toronto

Job Responsibilities:

- Provide equipment breakdown loss prevention expertise by conducting routine inspections, risk re-evaluations, and claims investigations, and other related responsibilities as assigned.
- Conduct evaluations on commercial and industrial locations with equipment ranging from HVAC to boilers/pressure vessels and production equipment.
- Manage a territory and meet productivity goals in a cost-effective manner.
- Work towards the continual improvement of HSB Canada's portfolio.

Qualifications:

- At least 3-5 years of maintenance/operations experience including boilers/pressure vessels, refrigeration and production equipment.
- Post-secondary technical education.
- Background in Marine, Mechanical or Stationary Engineering is recommended, but not compulsory.
- Knowledge of ASME code (boilers and pressure vessels) is an asset, but not compulsory.
- 2nd Class or above preferred.
- Strong oral, written communications and computer skills (including report writing).

- Self-motivated with good organizational skills.
- Valid driver's license, and ability to travel.
- Dedication to exceptional client service.
- Certificate of Competence (COC) is required to perform jurisdictional inspections in Ontario (ability to obtain).
- National Board Commission is required (or ability to obtain; training will be provided if necessary).

Creating and maintaining a work environment that promotes respect, diversity and dignity is important to us. We strive for equality in our workplace, to eliminate employment barriers, and promote a workplace based on principles which align with our company values and promote positive employee practices. Candidates requiring accommodation during any stage of our selection process should advise us of this; we will strive to work with individuals to find a suitable means to meet their needs.
